In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes. Writer Suzanne Collins was forty-six when she published "*The Hunger Games*," a novel for young adults set in a dark future where North America has been obliterated by war and climate change. The residents of Collins's dystopia are forced to send their children to fight to the death in a sadistic game created by the government. The book wrestles with meaty themes: the effect of war, the dangers of voyeurism in popular culture, and how governments use hunger and threats of violence to control populations. This new edition details Collins's life before the Hunger Games, from the first eighteen years of her writing career in television to her well-received children's book series called *The Underland Chronicles*. Later chapters explore the phenomenal and unexpected success of the Hunger Games series, a franchise which has a net revenue of over four billion dollars to date. The astounding new novel from the bestselling and Costa-shortlisted author of *Time Travelling with a Hamster*, this is a story for everyone of ten and older who loves adventure, laughs and tears. This collection of fresh essays on Suzanne Collins's epic trilogy spans multiple disciplines. The contributors probe the trilogy's meaning using theories grounded in historicism, feminism, humanism, queer theory, as well as cultural, political, and media studies. The essayists demonstrate diverse perspectives regarding Collins's novels but their works have three elements in common: an appreciation of the trilogy as literature, a belief in its permanent value, and a need to share both appreciation and belief with fellow readers. The 21 essays that follow the context-setting introduction are grouped into four parts: Part I "History, Politics, Economics, and Culture," Part II "Ethics, Aesthetics, and Identity," Part III "Resistance, Surveillance, and Simulacra," and Part IV "Thematic Parallels and Literary

Traditions." A core bibliography of dystopian and postapocalyptic works is included, with emphasis on the young adult category--itself an increasingly crucial part of postmodern culture. 'A sapphic graphic treat' The Times A moving and darkly humorous family tale, pitch-perfectly illustrated with Alison Bechdel's gothic drawings. If you liked Marjane Satrapi's *Persepolis* you'll love this. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high-school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and the family babysitter. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic, and redemptive. Interweaving between childhood memories, college life and present day, and through narrative that is equally heartbreaking and fiercely funny, Alison looks back on her complex relationship with her father and finds they had more in common than she ever knew. Set in a Lower East Side tenement in the early days of the COVID-19 lockdowns, Fourteen Days is a surprising and irresistibly propulsive novel with an unusual twist: each character in this diverse, eccentric cast of New York neighbours has been secretly written by a different, major literary voice—from Margaret Atwood and Douglas Preston to Tommy Orange and Celeste Ng. One week into the COVID-19 shutdown, tenants of a Lower East Side apartment building in Manhattan have begun to gather on the rooftop and tell stories. With each passing night, more and more neighbours gather, bringing chairs and milk crates and overturned pails. Gradually the tenants - some of whom have barely spoken to each other - become real neighbours. In this Decameron-like serial novel, general editor Margaret Atwood, Authors Guild president Douglas Preston, and a star-studded list of contributors create a beautiful ode to the people who couldn't get away from the city when the pandemic hit. A dazzling, heartwarming and ultimately surprising narrative, Fourteen Days reveals how beneath the horrible loss and suffering, some communities managed to become stronger.
