Puerto Rican music in New York is given center stage in Ruth Glasser's original and lucid study. Exploring the relationship between the social history and forms of cultural expression of Puerto Ricans, she focuses on the years between the two world wars. Her material integrates the experiences of the mostly working-class Puerto Rican musicians who struggled to make a living during this period with those of their compatriots and the other ethnic groups with whom they shared the cultural landscape. Through recorded songs and live performances, Puerto Rican musicians were important representatives for the national consciousness of their compatriots on both sides of the ocean. Yet they also played with African-American and white jazz bands, Filipino or Italian-American orchestras, and with other Latinos. Glasser provides an understanding of the way musical subcultures could exist side by side or even as a part of the mainstream, and she demonstrates the complexities of cultural nationalism and cultural authenticity within the very practical realm of commercial music. Illuminating a neglected epoch of Puerto Rican life in America, Glasser shows how ethnic groups settling in the United States had choices that extended beyond either maintenance of their homeland traditions or assimilation into the dominant culture. Her knowledge of musical styles and performance enriches her analysis, and a discography offers a helpful addition to the text. This 120-page journal features: 117 wide-ruled lined pages 5.5" x 8.5" size - big enough for your writing and small enough to take with you smooth 55# cream-color paper, perfect for ink, gel pens, pencils or colored pencils a cover page where you can enter your name and other information a full-color cover image of the Puerto Rican flag on the front and back covers a matte-finish cover for an elegant, professional look and feel This journal can be used for writing poetry, jotting down your brilliant ideas, recording your
