Far-reaching and detailed, Card & James' Business Law is the definitive guide to the subject. Roach encourages students to understand the basics and challenges them to push their grasp of the legal principles further. Accompanied by an abundance of learning features and a suite of online resources designed to hone critical assessment skills. Business Law and Economics for Civil Law Systems highlights the relevance of economic analysis of business law from a civilian perspective. It integrates a comparative approach (common law and civil law) to economic analysis using tools and illustrations to assist in conducting critical economic analysis of rules in the field of business law. This book is a valuable contribution to the reflection on the place and meaning of value creation and accountability as goals for business law. It will be of great value to academics interested in business law, competition law, comparative law and legal theory, students studying law, business and economics, and to policy makers and regulators. This book is a detailed overview of the corporate and financial laws of Korea and analyzes current issues within those fields from both academic and practical perspectives, providing a unique tool for understanding Korean law in a business and financial context. The approach of the book is two-fold. On the one hand the book offers valuable insight into the fundamental principles of Korean business law, and landmark cases in the field. On the other hand there is extensive analysis of more recent developments and of current issues raised by recent court cases. The book combines coverage of Korean corporate

law and Korean financial law and includes detailed examination of corporate law issues such as director liability, minority shareholder protection, and the dynamic practice area of mergers and acquisitions, and of financial law topics, including private equity, structured finance and foreign financial institutions. A rich and extensive resource with insight from leading scholars and practitioners, *Korean Business Law* will be of great benefit both to lawyers who have clients with business interests in Korea, and to scholars of international corporate law and governance. This book brings together a number of contributions examining how changes associated with economic globalization have contributed to the creation of new pressures on, and expectations of, those fields of law connected to the regulation of cross-border commercial transactions. These new demands of law – in particular, that it be more agile or “flexible” in regulating the economy – have prompted lawmakers and regulators in multiple jurisdictions to adopt a range of new regulatory techniques and legal forms to respond to this challenge. In many cases, these adaptations in law have entailed compromising traditional legal principles, such as legal certainty, in favor of empowering regulators with greater discretion than has traditionally been permitted in modern law. This change raises important questions about the meaning of fairness (certainty or flexibility), as well as the relationship between the public and private good. The book provides a clear, readable and concise account of a broad range of topics for students who are studying law as part

another course. It is widely used on national diploma courses, and also on first degree courses in Accountancy, Business Studies and Commerce. Business law is a core unit for all commerce students. Written for Australian commerce students studying law as a one-semester course for the first time - gives a solid introduction to business law within its social and business context. This book offers the first definitive English-language resource on Chinese business law. Written by an authoritative source, the book accurately describes what the business law is and explains legislative intentions underlying the myriad of law, rules, and regulations. Moreover, it provides the most up-to-date information on law, rules, and regulations and contains accurate predictions of the future legislative trend. It is written for readers across the spectrum of both common law and civil law systems. The author's experience as expert counsel to Chinese central governmental legislative functions including the State Council Legislative Affairs Office and the expert editor and translator in chief of the national administrative regulations in business and finance, extensive experience of international legal practice and arbitration, and teaching and research experience in international business law and Chinese law will make this book of interest to lawyers, business people, and scholars. A student-centred text ideal for those new to the study of law. It adopts a fresh approach and is packed with photographs, diagrams and examples of how the law impacts on the business world. BPP Learning Media is an ACCA Approved Content Provider. Our partnership with

ACCA means that our Study Texts, Practice & Revision Kits and iPass (for CBE papers only) are subject to a thorough ACCA examining team review. Our suite of study tools will provide you with all the accurate and up-to-date material you need for exam success. This eighth editions of Business Law includes updated material on the extensive changes on courts and court proceedings, particularly the Civil Procedure Rules 1998 and the Access to Justice Act 1999 and covers the changes in business associations including the Limited Liability Partnerships Act 2000. It contains a new unit on EU Law and revised examination questions at the end of each unit which should provide a basis for modular study. It covers the English legal system, important developments in contract and tort, including recent negligence cases and legislation such as the Contracts (Rights of Third Parties) Act 1999 and the Competition Act 1998, sale of goods and new cases and materials on Employment law. It has tables, charts and case studies to aid learning and revision. It is suitable for AS/A Level and undergraduate HND/C Business and BA business studies students. Business Law for Entrepreneurs covers the unique business and legal issues of startups and small businesses. This cutting-edge textbook provides students with the competence and practical insights required to identify and respond to emerging challenges in our rapidly evolving business and legal environment. A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and

sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches. This book presents a clear and precise overview of the key aspects of German business law. It was written by attorneys involved in the daily practice of business law in Germany and is aimed at people who wish to orient themselves quickly with the German legal system and the manner in which it impacts business purchases, establishment, operations and liquidations. The first section of the book is devoted to an explanation of the major issues to be considered in acquiring or establishing a business in Germany. The second section focuses on areas of commercial law that are important for an operating business. In comparison to the last edition four new areas (transportation law, customs regulations, insurance law and state liability law) are treated. The following sections deal with labor law as an independent part of German business law and with computer law. Furthermore, procedural law and European law are addressed. Finally, the last two sections of the book

are devoted to an overview over the German tax law, which has an enormous impact on business decisions, and IP law. In all sections special attention has been paid to highlighting and explaining the differences between the German legal system and that of the United States. Nevertheless, the intention is to provide information that will prove valuable to all foreigners, particularly business men and women and lawyers advising clients with an interest in doing business in Germany. This fourth edition of Business Law offers comprehensive and accessible coverage of the key aspects of business law. Established legal topics such as the English legal system, Contract, Consumer, Intellectual Property, Company and Employment Law, and emerging areas such as Health, Safety and Environmental Law are all addressed in the context of business. The work has been thoroughly updated to include all the major recent developments in business law, such as the new EU Trade Secrets Directive and case outcomes decided since the publication of the last edition. The book also discusses the impact of Brexit. In addition, the book features extensive diagrams and tables, revision summaries, reading lists, and clear key case boxes for easy reference. This book is ideal reading for undergraduate law and business studies students, while also applicable to practitioners and those with a more general interest in business law. This text is an invaluable tool for students on undergraduate and postgraduate management programmes containing elements of general and international business law. The legal dimension in managerial decisions is shown, and on-

line resources provide current material to support the text. With faultless accuracy, this text is the most detailed and analytical account of law for those new to the subject. It provides commanding analysis of the English legal system, contract law, the law of torts, company law, and employment law, as well as covering relevant aspects of the law of agency and environmental law. Online chapters provide further discussion relating to the economic torts, corporate governance, the sale of goods, consumer credit, and the law relating to unfair and illegal commercial practices. All of this is discussed using relevant examples from the business environment, and the key legal cases to help develop a greater understanding of the interconnections between the law and corporate setting. The new learning features have been incorporated throughout, making this difficult subject more accessible. Key case, examples, and discussion boxes demonstrate the application of law and highlight core principles, while self-test questions allow students to assess their progress. Online Resource Centre The accompanying Online Resource Centre provides a wealth of resources for students to further develop their understanding and test their knowledge, including additional practice questions with answers, a flashcard glossary of key legal terms and updates to the law via Twitter. This new edition also includes a testbank of MCQs for lecturer use. Employing a practical and contextual approach, this student textbook covers developments in the self-regulation of corporate governance, which is becoming global due to the activities

of the OECD and World Bank. In light of the overwhelming impact of technology on modern life, this thought-provoking book critically analyses the interaction of innovation, technology and corporate law. It highlights the impact of artificial intelligence and distributed ledgers on corporate governance and form, examining the extent to which technology may enhance or displace conventional theories and practices concerning corporate governance and regulation. Expert contributors from multiple jurisdictions identify themes and challenges that transcend national boundaries and confront the international community as a whole. Explore the foundations of business law as well as the application of legal concepts to everyday life. LAW FOR BUSINESS AND PERSONAL USE, 19E, combines strong content and interactive technology with consistent, proven instruction to maintain student interest and support active learning. Coverage includes contracts, criminal law, environmental law, family law, and consumer protection. With more than 1,000 cases, LAW FOR BUSINESS AND PERSONAL USE, 19E, offers plenty of opportunities for case analysis and research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Business Law and Practice provides a detailed guide to the forms of business most commonly encountered in practice, examining how they must be run in accordance with the statutory and common law applicable to them. Commonwealth Caribbean Business Law breaks away from the traditional English approach of treating business law

primarily as the law of contract and agency. The book takes a panoramic view of the foundation of various legal systems with a subsequent examination of different areas of legal liability that may affect business activities. These areas include contract law, agency, tort law, criminal law, and internet law as significant challenges confronting the business sector. The book primarily targets the development of business law in several Caribbean Commonwealth jurisdictions but also, where appropriate, embraces the jurisprudence of other Commonwealth nations such as the United Kingdom, Canada and Australia. With respect to internet law, the proliferation of judicial pronouncements emerging from the United States provided the platform for the only non-Commonwealth treatment of this topic. The approach of the book is to use excerpts from judgments so as to allow students, particularly the non-law student, to understand legal principles as espoused by the judiciary without the filtering bias of authors. *International Business Law and the Legal Environment* provides business students with a strong understanding of the legal principles that govern doing business internationally. Not merely about compliance, this book emphasizes how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and demonstrating real world application. This new edition also includes: New material on comparative contract and sales

law & European private law; joint ventures and collaborative alliances. A new part on foreign direct investment that includes a chapter on emerging markets. New chapters on privacy law, and on environmental concerns. Greater coverage of the World Trade Organization. "Case highlights" and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the underlying legal principles. These decisions are drawn from a broad range of countries offering a truly international look at the subject. Students of business law and international business courses will find DiMatteo's clear writing style easy to follow. A companion web site includes an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors. Marson and Ferris' Business Law provides a thorough account of the subject for students on Business degrees. It introduces students to the essential topics by exploring current and pertinent examples. It emphasizes the importance of cases and demonstrates the relevance of the law in a business environment. An accessible and concise resource that introduces non-specialist students to the key concepts and principles of business law, providing a non-technical alternative to the currently available heavyweight texts. Business Law offers comprehensive coverage of the key aspects of business law in a straightforward manner that is easy to understand for non-law students. It describes and considers the full range of legal topics such as Contract, Company and Employment Law, as well as including coverage of emerging areas such as Health and

Safety and Environmental Law as they apply to business. An introduction to business law which provides a clear and jargon free introduction to the subject. Its comprehensive coverage is well illustrated by cases, diagrams, specimen documents and questions. Ideal for those without a background in law, Introduction to Business Law offers a visual and practical coverage to help students engage with the legal essentials required for success in study and a business career. It is packed with diagrams, examples and insights from business professionals to help you build a complete picture of the area. When you start a business, legal issues can seem complex, even scary. Business Law Basics will help you ask smart questions and get the right advice. This simple guide will show you everything you need to know about: How to choose an attorney. Contract essentials, including patents and copyrights. What you need to protect (such as processes or intellectual property) How to reorganize or restructure your business. You'll also learn the basics of partnership and corporate structures, license and regulation essentials, employment issues, legal aspects of buying and selling, common pitfalls, international business issues—and more. Each of the books in the Crash Course for Entrepreneurs series offers a high-level overview of the critical things you need to know and do if you want to survive and thrive in our super-competitive world. Of course, there's much more to learn about each topic, but what you'll read here will give you the framework for learning the rest. Also, the co-authors' website, expertbusinessadvice.com, offers expanded support for

entrepreneurs and is updated daily. Among them, Scott L. Girard, Jr., Michael F. O'Keefe, Marc A. Price, and Mark R. Moon, Esq. have successfully started 20 companies in a wide variety of fields. Their individual experiences are just as varied. Scott, a combat veteran who has served in Iraq and Afghanistan, was formerly vice president of Pinpoint Holdings Group, Inc. Mike founded O'Keefe Motor Sports in 2004 and grew it into the largest database of aftermarket automotive components in the world. As vice president for marketing of Bracemasters International, he grew his company's website viewership by 17,000% in two years. Marc has launched seven companies of his own and has collaborated with the Federal government, U.S. military, major nonprofits, and some of the largest corporations in America. Business Law Basics is also coauthored by Mark R. Moon, Esq., a founding and currently the managing partner of the Moon Law Group, P.L., in Tampa Bay, Florida. Written by two experts in the field, Business Law provides practical, up-to-date coverage of company, partnership, taxation, and insolvency law, plus all relevant aspects of EU law. The manual provides all of the required material students need to understand the latest legal developments affecting business law transactions, with a particular focus on relevant taxation law and business accounts. Examples are used throughout the manual to enable students to contextualize their learning effectively. Extensive and updated statutory references allow students both to cross-refer to appropriate primary sources, and to use the guide to interpret such sources. The book's depth

coverage, accessible format, and clear structure make it an ideal reference for students on the Legal Practice Course. Do your students struggle to engage with legal topics? Look no further than Marson & Ferris' Business Law to help them actively engage with the law, understand it, and approach it with confidence. Written with business, management, and finance and accounting students in mind, the authors put the law into a context that they can easily understand by introducing case studies in every chapter. 'Business Scenarios' help the students contextualize the law by presenting the reader with an example of an everyday problem which demonstrates how the law can affect a company, employer, employee, or other individual. Throughout each chapter the students are asked to pause and consider how the content applies to these routine business problems, enabling them to become active readers and think independently about how the law operates. The first chapter provides a helpful guide to studying the law and advice on how to excel in assessments so that students can fulfil their potential. This chapter includes a sample problem question and model answer. Further sample problem and essay questions can be found at the end of chapters, giving readers an opportunity to test their understanding and practise for assessments. Students will be able to find indicative answers to these questions hosted with the online resources for this book. At the end of each chapter the authors provide further reading suggestions to guide students that want to deepen their knowledge, including

well-maintained and trusted websites, Twitter feeds, and YouTube channels in addition to suitable books and articles. Online resources This book is accompanied by a suite of online resources to support students' learning, including flashcard cases, self-test questions and answers with feedback, and additional material on legislation.

Business Law Concentrate is written and designed to help you succeed. Accurate and reliable, Concentrate guides help focus your revision and maximise your exam performance. Each guide includes revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases. Your own in-house legal advisor—at a fraction of the cost

Written in plain-English for business people without any legal training, *Law For Small Business For Dummies* covers everything you need to be aware of regarding the law when you're starting and running your own business. Cutting through the jargon that can make even the pros scratch their heads, this book quickly gets you up-to-speed on the key areas of business law, including contracts, websites, intellectual property, data protection and partnership agreements. Plus, you'll find out how small business law applies to advertising and marketing, confidentiality agreements, the sale and supply of goods (including e-commerce), negligence and product liability. There were 526,000 new businesses registered in the UK in 2013—and, at some point, all of them will be faced with legal risks that could make the difference between success and failure. One claim could wipe out a fledgling business' profits, and hit even big businesses harder than

they could ever imagine. If you're the owner of a new business and need to get a handle on the ins and outs of small business law—and don't have the budget to employ an in-house legal advisor—this trusted, approachable guide is your answer. Covers the laws surrounding the most common risks small businesses face Addresses how to deal with legal issues before a potentially costly dispute arises Provides access to handy sample contract templates on Dummies.com Serves as your own in-house legal advisor—at a fraction of the cost If you're an existing business owner or an aspiring entrepreneur thinking about starting your own business, *Law For Small Business For Dummies* gives you answers to questions you didn't even know to ask! *Business Law, 5th Edition* (James et al.) is written for business students to provide a clear and accessible introduction to the legal system. Business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline. This updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use. The *Business Law* interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Herbert Smith Freehills, animated work problems and questions with immediate feedback. This new edition is a unique resource that can form the basis of a blended learning solution for lecturers. "Business Law and the Legal Environment provides students with context and essential

concepts across a broad range of legal issues with which managers and business executives must grapple. The text provides the vocabulary and legal savvy necessary for business people to talk in an educated way to their customers, employees, suppliers, government officials — and to their own lawyers."--Open Textbook Library website

The intersection of business and human rights contains substantial economic, social, and political implications. Global business enterprises and civil society groups must establish a constructive and meaningful dialogue in order to work cooperatively t A clear and precise overview of the key aspects of German business law. Written by attorneys involved in the daily practice of business law in Germany, this book is aimed at people who wish to familiarise themselves quickly with the German legal system and the manner in which it influences business purchases, establishment, operations and liquidations. Throughout, special attention has been paid to highlighting and explaining the differences between the German legal system and that of the United States, although the intention is to provide information that will prove valuable to all foreigners, particularly business people and lawyers advising clients with an interest in doing business in Germany.
